

# Team Member Contribution

Member 1 - Dhruv Vohra :

- Self Assessment - Set up Jupyter Notebook, Github, and helped complete tasks 0 and task 1 part 1,2,3
- Assessment of other team members – Brian and Vedaant helped me in finishing and finalizing the code and finished their parts with great diligence.

Member 2 - Vedaant Magow :

- Self Assessment - Worked on task 1 part 1,2,3,4,5, and formalized the code. Worked on graphing with matplotlib.
- Assessment of other team members – Dhruv and Brian were great teammates. The contribution from each member was even all around and the communication was set up nicely.

Member 3 - Brian Keating :

- Self Assessment - Task 1 part 6, 7, structured and formalized code, and answered all the questions on Power Point
- Assessment of other team members – Dhruv and Vedaant finished their work on time and were always available to help with tasks. Communication was good.
